## Learning Support

## The Frog Prince

1. Put these words together to make five compound words.

| for    | thing |  |
|--------|-------|--|
| hand   | ever  |  |
| any    | up    |  |
| stairs | thing |  |
| play   | some  |  |

2. Read the clues to write words that begin with the word 'ball':

| something yo | ou find at a party: | ball |
|--------------|---------------------|------|
| a slow song: | ball                |      |

a type of dance: **ball**\_\_\_\_

3. Add 'ed' to these words using these rules:

Change 'y' to 'i' and add 'ed':

carry:

bury: \_\_\_\_\_

Double the last letter before adding 'ed':

slam: \_\_\_\_\_

## Ziptales Fairy Tales

|                   |                      | ds opposite then draw the word:    |   |
|-------------------|----------------------|------------------------------------|---|
| happy             |                      | even                               |   |
|                   |                      |                                    |   |
|                   |                      |                                    |   |
|                   |                      |                                    |   |
|                   |                      |                                    |   |
|                   |                      |                                    |   |
|                   |                      |                                    |   |
|                   |                      |                                    |   |
| ock               |                      | safe                               |   |
|                   |                      |                                    |   |
|                   |                      |                                    |   |
|                   |                      |                                    |   |
|                   |                      |                                    |   |
|                   |                      |                                    |   |
|                   |                      |                                    |   |
| Dut the following | words from the ston  | vin alphabotical order:            |   |
| Fut the following | words from the story | in alphabetical order:             |   |
|                   | • • •                | ce, pillow, prince,                |   |
|                   | promise, pl          | aything, plate                     |   |
|                   |                      |                                    |   |
|                   |                      |                                    |   |
|                   |                      |                                    |   |
| Choose three of   | the above words to p | out into one interesting sentence: |   |
|                   |                      |                                    | , |
|                   |                      |                                    |   |
